Section 12. With respect to any reference contained in the Constitution to any minimum required vote of the Delegates to a National Convention, it shall be understood that such required percentage vote shall be based upon the per capita vote of the number of Delegates who actually vote on the specific question. The Delegates to the National Convention who may not be present or refrain from voting shall not be included in the computation for the purpose of determining whether the minimum required percentage vote has been obtained.

Section 13. Special Conventions.

The National Executive Committee may, in its discretion, whenever it shall deem it necessary in the interest of the organization, convene a Special National Convention. At least thirty days advance written notice of such Special Convention must be received by all Districts, unless all Districts waive such notice. Any such Special National Convention shall have all the powers of the regular National Convention and be governed by the rules and regulations applicable to regular National Conventions except as modified or altered by the National Executive Committee in its call for the Special National Convention. The Delegates to such Special National Convention shall have the same voting power as the Delegates from the same District had in the immediately preceding regular National Convention.

ARTICLE TEN District Charters and Responsibility

Section 1. Eligibility for Charter.

Any fifteen or more persons eligible for membership in the National Association may constitute a District on receipt of a Charter from the National Association in the manner herein set forth, if they have either (a) regularly and honorably severed their membership in any District and/or (b) have never been a member of the National Association or any District.

Section 2. Application for Charter.

Applications for Charter shall be made to the National President and must be accompanied by a fee of \$1,000.

Section 3. Issuance of Charter.

In the case of any application received between Conventions, the National President shall refer the application to the National Executive Committee. The National Executive Committee may approve or disapprove the issuance of the Charter, subject to confirmation by the next National Convention. In the case of any application received while the National Convention is in session, the same shall be referred directly to the Convention, which may deny the application or order the National President to issue the Charter.

Section 4. Suspension and Revocation of Charters.

(a) The Charter of a District may be suspended or revoked for failure of a District to meet its financial obligations to the National Association or for the purpose of correcting corruption or financial malpractice or violation by the District of its duties or obligations to the membership.

(b) Suspension or revocation of a charter may be accomplished only after (1) the subject matter of the charge has first been brought to the attention of the District President by the National President, (2) in the absence of a correction of a violation, the matter shall next be submitted to the District Executive Committee, and (3) a reasonable period of time which shall not be less than thirty days from the date the matter was first submitted to the District President and the District President has failed to correct the charge, charges may then be filed by a National full-time elective officer or any three members of the National Executive Committee. Such charges shall be filed with the National President who shall within thirty days of its receipt mail a copy to each member of the National Executive Committee and to the District so charged. The District shall file a written answer to the charges no later than thirty days following the mailing of the charges by the National Headquarters.

(c) Upon filing of the aforesaid charges, the National Executive Committee shall designate a Trial Committee consisting of three members who must be full-time paid elected officials of a District, one of whom shall be from a District different from the other two members, if applicable. Said Trial Committee shall conduct a hearing at a place and time which it shall designate; provided however, that the date of the hearing may not be set earlier than forty days following the mailing of the charges by the National President.

(d) A written record of the hearing shall be made. There shall be a full opportunity for examination and cross-examination of all witnesses. The District may be represented by counsel if permission is granted by the Trial Committee.

The Trial Committee shall have full authority to determine the rules of procedure, which shall govern all parties.

The Trial Committee shall have full authority to direct the District to produce or make available to the Trial Committee, or its designated agent, any books, records or

other documents in the possession of or under the direction or control of the District and to direct any officer or agent or member of the District to appear for examination.

(e) After a full hearing, the Trial Committee shall render a written decision which shall be filed with the National President who shall distribute copies of the same to the charged District, the parties who filed the charges and to each member of the National Executive Committee. Said decision shall either recommend a dismissal of the charges in whole or in part, or a suspension or revocation of the Charter or such other course of action, which it deems necessary to obtain compliance with the National Constitution or National policy.

The full record of the proceeding shall be deposited at the National Headquarters of the National Association.

(f) In the event either the District, which has been charged, or the charging parties, desire to appeal to the National Executive Committee, notice of the same together with a memorandum setting forth the exceptions taken and brief comment thereon shall be filed with the National President within twenty days from the mailing by the National President of the Trial Committee's decision.

If no such appeal is taken within the prescribed time, the decision of the Trial Committee, if it is based on a majority vote, shall be deemed to be final.

(g) The National Executive Committee, on the basis of the entire record, shall render its decision in the event an appeal has been taken. Such decision may call for a dismissal of the charges in whole or in part, for the suspension/revocation of the Charter and/or for such other courses of action which may be necessary to obtain compliance with the National Constitution or National policy. A copy of such decision shall be forwarded to the District and to the charging parties.

Any member of the National Executive Committee or any National elected officer who may have filed the charges, may attend any meeting of the National Executive Committee at which time the matter is under consideration, but he shall not participate in the discussion or in the vote taken thereon; provided however, that the National President, though he may have filed the charges, shall nevertheless preside over any meeting of the National Executive Committee considering the matter but be subject to the above indicated restrictions.

The decision of the National Executive Committee shall be final until amended or reversed by the National Convention.

(h) An appeal may be taken by either the District or the charging parties from the action of the National Executive Committee to the next regular Convention or to a Panel of three neutral public persons who shall be designated by the National Executive Committee. The person taking the appeal shall, when requesting the appeal, indicate which alternative is desired. Notice of such appeal must be filed with the National

President no later than thirty days from the mailing of the decision of the National Executive Committee and all briefs in support of the appeal must be submitted simultaneously with the filing of the notices of appeal. The decision of the National Convention or the National Panel, as the case may be, shall be final and conclusive. The National Convention and the National Panel shall have the authority to determine their respective procedures applicable to such appeals.

(i) A suspension or revocation shall require, in the case of the National Executive Committee, a two-thirds vote, and in the case of the National Convention, a majority vote of the Delegates.

(j) In the event the Charter of a District that affiliates with the National Association after the date of this Constitution is suspended or revoked, as provided in this National Constitution, the property, assets and all books and documents of the District shall be turned over to an Administrator appointed by the National Executive Committee or the National Convention, as the case may be, to be held and administered for the benefit of the members of the District.

Section 5. Funds and Property of Districts.

All money, property and other assets and interests acquired by a District, shall be held by such District in its own name and right or by the appropriate officers of such District, for its benefit, and in the event its charter is eliminated entirely because of change in structure of the National Association, or revoked for any reason whatever, such money, property and other assets and interests shall be retained by the District for the benefit of its members. Indebtedness to the National Association shall be a prior claim on the holdings of any District.

Section 6. Disbanding and Voluntary Mergers of Districts.

(a) Any District affiliated with the National Association on the date of this Constitution shall have the absolute right to disaffiliate from the National Association at any time. Such disaffiliation shall be effective immediately upon transmittal of written notice from the President of the District to the President of the National Association. This paragraph shall not be subject to Article 16, Section 2.

(b) No District shall disband as long as seven members in good standing object to such action. Notice of a proposal to disband shall be sent by such District to every member and a reasonable opportunity be given for expression of objection before any action is taken on such proposal. Any such District disbanding shall have its funds, property and assets administered as provided in Article Ten, Section 4(j).

(c) Any two or more chartered Districts may merge and a new Charter shall be issued to the merged organization, which shall have the same territorial jurisdiction as the merged Districts. Such merger shall result when approved either by a two-thirds vote of

the Delegates at a National Convention or by the majority vote of the respective voting membership of the Districts seeking to merge.

Section 7. Jurisdiction of Districts.

Each District shall have exclusive jurisdiction over all of its members who shall be governed by the Laws, rules and regulations of such Districts.

Section 8. Eligibility for Office in Districts.

(b) A member may not be a candidate for, or serve in, more than one full-time District-wide office.

(c) A member may be nominated for, and if elected, fill and serve simultaneously as a National elected officer and as a District elected officer.

(d) No member may hold an elective or appointive office in any District who is a member of, or who supports an organization, which advocates the overthrow of the Government of the United States by force or violence or is disqualified by law.

(e) Any incumbent officer of a District shall continue to hold office until his successor is elected, qualified and installed.

(f) No member shall be eligible for nomination to or serve in a paid elective office when receiving a pension under any M.E.B.A. Pension Plan.

(g) Every bona fide candidate for election to office in the District shall have the right, once within thirty days prior to an election for which he is a candidate, to inspect a list containing the names and last known addresses of all members of the District, who are subject to a collective bargaining agreement requiring membership therein as a condition of employment.

Section 9. Reports to National Association.

(a) All Districts shall, upon written request, provide the National Association with copies of their annual disclosure reports to the Department of Labor and Internal Revenue Service, along with other documents necessary for the calculation of per capita taxes and other administrative functions. In addition, all Districts that have more than 250 members in a calendar year shall comply with the reporting provisions set forth in subsections (b) – (h).

(b) Each District shall, on or before March 1st of each year, submit to the National Headquarters, on forms provided for the purpose, a report giving a synopsis of its proceedings for the preceding calendar year, a list of its current officers and the number of members in good standing as of December 31st. Districts failing to submit their annual report by or before March 31st shall have their dues payments to the National Association determined by the last annual report submitted by each District.

(c) Each District shall file with its annual report a financial report showing income, disbursements and financial balance for the preceding year.

(d) The annual financial reports shall be prepared by a legitimate firm of recognized accountants, who shall prepare such reports on the basis of information obtained from the firms and banks in whose custody the assets of the individual Districts are placed. In the case of securities and bonds, such financial reports must indicate that the securities contained in the report have been personally viewed by the accountant submitting the financial statement.

(e) In the event that a District fails to submit its annual financial report on or before the required date and any other reports deemed necessary under this Constitution, failure to conform to this provision shall be grounds for not being seated at any Convention or other meetings of an official nature until such reports have been submitted.

(f) In the event that such reports are not made available to the National Headquarters by June 15th of each year, the National Headquarters shall immediately obtain a Certified Public Accountant for the purpose of examining the books and assets of the delinquent District, and upon completion of said audit, the accountant shall submit a detailed report to the National Headquarters which shall forthwith make a report available to the National Executive Committee. The expense of said audit shall be borne by the National Association, subject to reimbursement by the District involved.

(g) Any District which fails to open its books for such audit by the National Association shall be subject to having charges filed for the suspension of its Charter, and such suspension, if decreed, shall continue until all records have been made available to the certified public accountant dispatched from the National Headquarters.

(h) Changes in officers subsequent to the Annual Report shall be promptly reported to the National Secretary-Treasurer.

Section 10. The year as herein referred to shall be a calendar year beginning January 1st. The first quarter as herein referred to shall commence January 1st. Any District which fails to pay its dues to the National Association for the second, third and last quarters before the last day of the preceding quarter, and for the first quarter, before the first of March, together with any other amounts due the National Association on that day, shall not be in good standing with the National Association until such dues and other amounts have been paid.

Section 11. When any District completely ceases to function, its Charter shall be considered as forfeited.

Section 12. Each District shall, upon request in writing, furnish the National Headquarters with a list of all changes in membership and the number of membership meetings held each month. This shall include the names of all initiated, together with the date of initiation, all suspended and dropped from the rolls, together with the reasons for the same, rejections, reinstatements, transfer cards granted or received and all deaths.

Section 13. (a) Districts shall not print or publish any mailing list of their members and shall not give any names and addresses of their members to anyone except the National Association, except for Pension, Welfare, Training or Vacation Plans or Funds purposes, provided, however, that Districts may furnish other Districts with names, addresses and other pertinent data concerning members, when an official request is made for such information under the seal of a District.

(b) No District or member of the National Association, shall use the name of said District as authorizing the publication of any book, pamphlet, circular or other printed matter, containing any advertisement whatsoever, nor shall it authorize any person or persons to do so, unless approved by the National Executive Committee.

No change in such sum shall be effective prior to the next calendar quarter following its adoption.

Section 2. Per Capita Tax to the National Association.

(a) The monthly per capita tax shall be fixed by the National Executive Committee and may be increased by action of the National Executive Committee when deemed necessary.

(b) The National Executive Committee may, in its discretion for cause shown by any District, waive or decrease the monthly per capita tax for any group of members for any fixed period.

Section 3. Revisions of Dues, Fines and Assessments by National Convention.

(a) The National Convention shall have the power by majority vote to regulate, modify and otherwise control the initiation fees, dues, fines and assessments levied by the Districts, or any of them whenever in the judgment of the Convention such action is necessary in the best interests of the National or District.

(b) When the Convention by majority vote authorizes a change in the dues structure, or where the Convention by majority vote levies an assessment, such dues change and/or assessment, before becoming effective, must be immediately submitted to the membership in the form of a 90-day referendum ballot. If the referendum ballot, by simple majority, confirms the action of the Convention, such dues change or assessments shall be considered effective upon the date provided for in the enabling resolution. If the referendum vote does not carry in favor of the Convention action with regard to the dues change and/or assessment, then such dues change and/or assessment shall not be placed in effect.

Section 4. Assessments and Fines.

(a) The Districts acting in accordance with their Constitution and By-Laws shall have power to levy such assessments as may be necessary for extraordinary purposes and impose fines not to exceed \$10,000 for violation of membership obligations. Provided, however, that as a minimum requirement, any such assessments may be approved only (1) by majority vote in a secret ballot of the members in good standing, voting at a regular or special membership meeting, after reasonable notice of the intention to vote upon such question, or (2) by majority vote of the members in good standing voting in a membership referendum conducted by secret ballot.

(b) No fine may be imposed unless the member has been (1) given written specific charges; (2) given a reasonable time to prepare his defense, and; (3) afforded a full and fair hearing; and that such fine be approved only if passed by a two-thirds majority vote of the members in good standing voting at a regular or special membership meeting.

(a) The initiation fee for any new applicant shall be in an amount and be payable over such period as may be determined by the respective Districts.

(b) The National Executive Committee shall have the authority to provide for a lower fee or to waive the initiation fee, with the consent of the affected District's National Executive Committee members.

(c) In the event the initiation fee is increased by action taken by a District, such change may be made effective only if approved (1) by majority vote by secret ballot of the members in good standing voting at a regular or special membership meeting, after reasonable notice of the intention to vote upon such question; or (2) by majority vote of the members in good standing voting in a membership referendum conducted by secret ballot.

Section 6. Membership Dues.

(a) Subject to the provisions of Section 3 of this Article, the monthly dues to be paid by the members shall be prescribed by the Constitution and By-Laws of the respective Districts, and shall not be less than \$10 per month, except where a different amount has heretofore been approved, payable quarterly in advance or by dues checkoff under any collective bargaining agreement maintained by the National or Districts. Such dues shall be paid into the treasury of the District to which the member belongs. The monthly dues of all members of Districts shall be paid not less than quarterly in advance, i.e., previous to January 1st to be in good standing for the first quarter; previous to April 1st for the second quarter; previous to July 1st for the third quarter, and previous to October 1st for the last quarter of the year. In order for a member to be in good standing, any other dues authorized by the respective Districts shall be paid directly by the member on the date prescribed in the Constitution or By-Laws of the respective Districts. Members of Districts, who pay dues by the checkoff system under any collective bargaining agreement maintained by the National or Districts, shall be in good standing provided dues are checked off and received each time as provided in the collective bargaining agreement. It shall be the duty of each individual member to assume all responsibility for maintaining his membership in good standing.

Section 7. Transfer of Dues, etc.

(a) When any official or agent of a District collects dues, assessments and other monies from members of other Districts, such monies shall be deposited in the fund of the District, the official or agent of which has made the collection and such District shall be obligated to forward the amount with an itemized account to the proper District no later than thirty days after collection.

(b) Should a District have a grievance in this matter, the case shall be referred to the National Secretary-Treasurer in writing by the aggrieved District. The National Secretary-Treasurer shall investigate the circumstances and if the grievance is sustained, he shall bill the delinquent District for the amount owed plus a ten percent fine and declare the delinquent District in bad standing with the National Association until such amount of dues plus National fine is received by the National Secretary-Treasurer. Upon receipt of the proper amounts, the National Secretary-Treasurer shall immediately forward the amount requested in the letter of grievance to the aggrieved District and notify the delinquent District of its return to good standing with the National Association.

The National Executive Committee may dismiss the charges or, by a two-thirds vote, suspend or dismiss the accused from office. Failure to obtain a two-thirds vote, shall be deemed to be a dismissal of the charges against the accused.

Section 5. Referendum.

In the event the National Executive Committee shall, by a two-thirds vote, suspend or dismiss the accused, the National Executive Committee shall promptly cause the charges, answer and the record of the hearing to be submitted to the entire membership of the National Association for referendum vote on the question of whether the decision of the National Executive Committee shall be sustained or reversed. A period of at least ninety days shall be allowed for the return of ballots in any such referendum. A majority of the votes cast shall determine the final decision.

The voice and vote of members may be limited to such questions in which they are directly affected.

(b) All members visiting Districts shall satisfy the District which they visit that they are in good standing. Visiting members granted such courtesy are advised that a District meeting in executive session has the inherent right to exclude anyone other than officers and members in good standing of said District during such meeting. Visiting members shall be granted voice, but no vote, at membership meetings.

(c) Members shall, however, be bound by the Shipping Rules of the District in which they seek employment and such Shipping Rules may establish an order of priorities for filling jobs.

Section 3. Good Standing. Payment of Dues.

No member shall be deemed in good standing unless his regular dues are fully paid up to and through the current quarter. Any member who shall be in arrears on his regular dues for a period of one year from the date due, as set forth in this Constitution or the Constitution or By-Laws of the respective Districts, shall be dropped from membership unless otherwise ordered by the District, but in no case may such a member be retained on the membership rolls if he is in arrears for over two years' dues.

Section 4. Membership Status. Fines, Assessments or Other Indebtedness.

Section 5. Reinstatement.

Any member of a District who has been dropped, or resigned his membership, or has been expelled from membership in accordance with any provision of the Constitution, can only apply for reinstatement to the District in which he was dropped, resigned or expelled. Any member falsifying his application in this respect shall be subject to charges, and, after due hearing as provided in this Constitution, such fact is proven, he shall forfeit all monies paid on the falsified application and be expelled from membership and the National Headquarters shall be notified of such fact. The reinstatement fee for members dropped, resigned or expelled shall be the full initiation fee as determined by the District, plus three months dues in advance and any outstanding fines except otherwise provided herein. Any application for reinstatement shall be deemed to have the same status as any application for original membership and shall be handled in the same manner as provided in this Constitution for such original application unless otherwise provided for herein. The District Executive Committee of the concerned District may establish less stringent rules and conditions for reinstatement for individuals who withdrew or voluntarily terminated their membership while in good standing in conjunction with a disability retirement and the individual so retiring is no longer disabled at the time of his/her request for reinstatement.

Section 6. Withdrawal.

(a) Members who have paid all of their indebtedness and apply in writing for a withdrawal may be granted the same.

(b) Any subsequent application for reinstatement shall be deemed to have the same status as any application for original membership and shall be handled in the same manner as provided in this Constitution for such original application.

(c) Any M.E.B.A. member who is drafted for the Armed Services of the United States of America, or otherwise serves in a war or National Emergency for not more than four years, shall, except as otherwise provided by law, automatically be issued a Withdrawal Document at the time of entering the Armed Services, if in good standing at that time; or a Withdrawal Document shall automatically be issued before the time of expiration of good standing (if such good standing is in excess of three months) following date of entry into the Armed Forces and such member shall be entitled to deposit said Withdrawal Document without cost, providing the Withdrawal Document is deposited within ninety days after the individual's formal separation from the Armed Services.

Section 7. Transfers.

(a) Any member, who wishes to transfer his membership from one District to another, must first apply for such transfer to the District in which he is a member and, if approval is granted, his application shall then be submitted to the District to which he seeks transfer. The transfer shall be completed only if the second District grants its approval.

(b) In the event an application for transfer is approved by the two Districts, the initial District shall transmit to the second District a legible duplicate of the full membership record of the member so transferred.

Said Constitution also imposes specific obligations upon said affiliates including the payment of the presently fixed per capita tax to the National M.E.B.A.

(b) The National M.E.B.A. does hereby agree with each of its chartered affiliates that the National Constitution as presently constituted does constitute the firm contract between the National M.E.B.A. and each of its chartered affiliates.

(c) There shall be no amendment to said Constitution nor any action taken by the National M.E.B.A. which adversely affects or prejudices any of the rights of any of the chartered affiliates as described above and each of said affiliates shall fully comply with its obligations to the National M.E.B.A. as provided in the presently constituted National Constitution. This mutual obligation on the part of the National M.E.B.A. and the chartered affiliates shall be deemed to be of the essence of the firm contract between the National M.E.B.A. and each of said chartered affiliates.

(d) The National Association recognizes the autonomy of the Districts in carrying out their internal affairs. The National Association will not interfere in the internal affairs of a District or in the election of District officers, or consider or take any action with respect to appeals involving internal District affairs and election issues.

ARTICLE SIXTEEN
Disputes With the Association and Between Affiliates

Section 1. If any member or District of the National Association is aggrieved by any action taken, or ruling, decision or opinion rendered by the Association (other than those already provided for herein), the specific facts and circumstances giving rise to said grievance shall be reduced to writing and forwarded within thirty calendar days of the occurrence thereof, to the President of the Association, who shall decide the dispute.

The decision of the President shall be final and binding unless appealed to the National Executive Committee within thirty days of its issuance. In the event of a timely appeal to the National Executive Committee, the Committee shall decide the dispute, which decision shall be final and binding, unless, within thirty days of its issuance, an appeal is taken to the National Convention. The decision of the National Convention shall be conclusive and binding in all respects and there shall be no further proceedings or appeals in the matter.

Nothing contained herein shall prohibit the President, the National Executive Committee or the National Convention from designating an appointee for the purpose of investigating and/or recommending a decision on any grievance or appeal.

Before resorting to any court, tribunal or agency, every member, District, affiliate or other subordinate body of the National Association who is aggrieved by any action taken on ruling, decision or opinion rendered by the National Association, its Districts, affiliates or other subordinate bodies, or the officers or Delegates thereof, shall be obligated to exhaust all procedures and remedies provided for in this Constitution or in the Constitution, By-Laws or Rules of any subordinate body or affiliate, as appropriate.

ARTICLE EIGHTEEN
Saving Clause

Section 1. The provisions of this Constitution shall be interpreted and applied in accordance with all applicable laws. If, nonetheless, any provision of this Constitution shall be declared invalid or inoperative by any competent authority of the executive, judicial or administrative branch of a state, provincial or federal government, the National Executive Committee shall have the authority to suspend the operation of such provision during the period of its invalidity and to substitute in its place and stead a provision which will meet the objections to its validity and which will be in accord with the intent

and purpose of the invalid provision. If any Article or Section of this Constitution should be held invalid by operation of law or by any tribunal of competent jurisdiction, the remainder of this Constitution or the application of such Article or Section to persons or circumstances other than those as to which it has been held invalid, shall not be affected thereby.

Section 2. Where used in this Constitution, words in the masculine also shall be read and construed as in the feminine in all cases where such construction would so apply.
