► Forms submitted without the above information completed will not be processed. Attach current Group Card and Sailing Time Verification Form if applicable.

Check the appropriate box below and follow the instructions for the situation:

- Original issuance of a Group I Shipping Card. My name appears on the list of new Group I individuals. DO NOT send any sailing time in with this form. A Group I card will be issued based on the sailing time in the Headquarters database and sent to the above port. New sailing time will be processed with the first renewal of your Group I Shipping Card.
- Issuance of a Group I Shipping Card to a former Group I who has re-qualified for Group I. I have been notified of my re-admittance into Group I. DO NOT send any sailing time in with this form. A Group I card will be issued based on the sailing time in the Headquarters database and sent to the above port. New sailing time will be processed with the first renewal of your Group I Shipping Card.
- Re-issuance of Group I Shipping Card. My current Group I card expired or is about to expire and I'm applying for re-issuance of my Group I card. Detail the last three years of sailing time listing most recent time first on the Sailing Time Verification Form. Attach it to this sheet. You don't need to list more than 150 days of sailing time. If your Group card expired more than one year ago, list sufficient sailing time to indicate that you continuously met sailing time requirements for a Group I card.
